**Related subject:** Harwell, Western Valley & Blewbury

See para #31 of your full report, when you accept that the division should be called Harwell, Western Valley & Blewbury (without reference to Valley Park). The map, and some of the other text in the full report (e.g. #30) are not yet updated to reflect this. Although in the text reference to Valley Park may be historically correct.

Note also in para 30 it refers to a Oxford University Campus. Harwell campus is NOT a University campus, so text needs updating. There is merit in having more than one division covering the campus to increase councilor involvement. Just as the campus benefits from being part of Harwel, Chilton and East Hendred parishes. But please align ward and division boundaries with parish boundaries, rather than with roads etc. There is no need for Harwell Parish to be obliged to have two wards to reflect the District and Country wards/divisions..
