I am not sure why you are asking the public ..because in the case of Jesmond it is likely that the outcome will be that the Jesmond Ward boundaries will be redrawn as we have been informed that there is a decrease in the number of electors of 25% in North Jesmond and 20% in South Jesmond. So it is likely that there will be a new single Jesmond Ward that will cover a smaller area than the current North and South Jesmond Wards.

Done deal it seems to me ..so why ask ? or is it just another NCC tick the box exercise and a standard later reply of “ we have asked the public “ reply ...

Otherwise if not why not keep North and South wards ?

Please advise

Regardless NCC fail to maintain North and South wards Re street cleaning/ drain/gutter cleaning bin emptying (of bins filled with wrong rubbish)/ cleaning up around bins / and pot hole mending ..so would single ward make a difference to all that ?
