Related subject: The excel spreadsheet https://www.lgbce.org.uk/sites/default/files/2024-01/swindon_ic_-_electoral_forecasting_proforma.xlsx

Please look at the spreadsheet, see column "O".

It has a heading "Electorate 2023"

However the numbers below it are for the electorate numbers for 2029.

Also would help if there was some informative text that explains the numbers/colours in columns "N" and "P".

I can see that by using the "Avg per Cllr" figure above "N" and "P" and using the qty of Cllrs in that Ward you can deduce the % and colour.

However it did take me an hour to work this out.
