Related subject: Birtley North and Lamesley (proposed)

I think that incorporating Eighton Banks and only half of the neighbouring "village" of Wrekenton is wrong. Either all of Wrekenton or non at all should be in this new ward as this could cause confusion for residents as to who their actual councillors are with the proposed boundary cutting right through the centre of Wrekenton. The present boundaries are like this and cause confusion now so this was a golden opportunity to rectify this.
