My concern is the boundary between Whickham North and Swalwell and Dunston Hill and Whickham East in the area of Swalwell Primary School. The boundary as proposed puts Swalwell Primary School in Dunston Hill and Whickham East, when the rest of Swalwell is correctly within Whickham North and Swalwell. The boundary currently divides Swalwell Park and the Primary School and should be amended to run south of the School, along to the top of Grosvenor Avenue and therefore include Swalwell Primary School in Whickham North and Swalwell.
