I have just been informed tonight the 1st April 2024 that Barmoor, currently part of Ryton, will be becoming part of Crawcrook!. As the boundaries are getting moved.  
The fact that this has just come to light as if “You!” The Council have been trying to keep this quiet so the affected residents will not complain says it all!!!  
I’ve also just been informed that we have until the 8th April to address this!!  
I oppose this absurd proposal.
