Dear Sirs

I have read that you propose to split our Kidderminster Town Council Ward (Aggborough and Spennells) into 3 individual wards instead of the 1 that exists at the moment. I do not agree that we need a Town Council at all and it took more than one attempt to get a "yes" vote in the first place. For this privilege my council tax has increased and I have paid a total of £435.86 since it's inception in 2016/2017. How much more am I going to be charged to have even more Wards? I would prefer for the Town Council to be abolished completely and thereby reduce the levels of bureaucracy and its inevitable costs.
