## Comment text:

**Related subject:** Clent Hills

I disagree with the proposed move of the villages of Bell End, Bell Heath & Madeley Heath etc from the Clent Hills division into the Woodvale division of Worcestershire County Council.

I understand that the change will have an impact on where we look for the education of our children, doctors' surgeries, church, recreation centre etc.

As a rural community nestling right next to the Clent Hills, my feelings are that we look towards the village of Belbroughton rather than Catshill which is an urban settlement.
