Hi

How can this be acceptable, not sure what the motives or advantages are but I cannot see any for myself and family, I bought my property in belbroughton because I wanted to live in belbroughton if that's ok with you.

I can only see disadvantages for us having to change doctors/dentists etc, besides this I think it is disgraceful that I have only discovered your ridiculous plans through a discussion with a neighbour, no formal letter or anything ! Completely unacceptable, I bet I have one thing right that anyone involved with this ridiculous suggestion is not affected in any way, I strongly oppose your proposed plans.
