## Comment text:

I wish to object to the proposal to change our boundary from Clent Hills (Belbroughton) to Woodvale.

We are a small rural community within the Parish of Belbroughton and make good use of all the village facilities which include the Church, Post Office, Community Centre, Shop, Pubs and Recreation Club.

To divide us from this by way of new boundary would have an awful impact on the residents involved, especially the elderly who rely on the local doctors surgery and the doctors who will come out to them.

Everyone has bought their homes with the realisation of village life and country living.

We would have bought into a suburb such as Woodvale if we had wanted anything other than rural living.

Unfortunately this proposal is not in the interest of the residents as we already have a local community in Belbroughton and Woodvale does not have one.

Rishi Sunak stated only this week about unnecessary expenditure.

I am sure he would like to hear about this one with all the costs involved.

I hope you will take into consideration the views of all concerned given that we were only informed of this in March (it was raised in January!!) with a deadline of 2 weeks to object.
