**Related subject:** Client (Belbroughton)

I have lived locally for over 33 years. We have always been part of Belbroughton and our daughter was born attended Belbroughton School. We are an integral part of Belbroughton village. We have supported the village, the school, the church, the pubs and village enterprises. We helped set up the Belbroughton Scarecrow weekend. We frequently walk to the village and reject the idea that the A491 is a boundary. Despite the report saying that public opinion should be heard, there has been no effort to engage the public, rather the opposite, leaving the opportunity to be heard until the final day of the review process.

We previously objected to being transferred to Romsley and feel even more strongly about the proposed move to Madeley. A group of 50 local residents met today, all vehemently opposing the proposed change. Most of us don't know anything about Madly. We wish to stay as we are. As a mother I feel you should recognise the green footprint; at present our children can walk to school. Under the proposed change that will no longer be possible.

I feel that this process has totally ignored the wishes of the people affected by them
