## Comment text:

**Related subject:** Belbroughton

I moved to the area and purchased a property to be in Belbroughton, not Woodvale. I use the village for socialising in the pubs and the club in the village. My doctor is in the village too. This village is my community and I want to still be part of it. I DO NOT want to be part of woodvale. My home is in the catchment area for Haybridge High School and being removed from this catchment area will have a significant effect on house prices.

I also would like to be able to vote for my local councillor in Belbroughton- they understand rural life and its benefits and also difficulties. I did move here to be part of a rural village NOT town.

Belbroughton serves my all my needs and views - political, social and mental.

Regards [REDACTED]
