Related subject: Belbroughton boundary changes

There has been no consultation with those individuals who will be affected by changes to boundaries which is disappointing.

I heard by chance via a Bell Heath neighbourhood WhatsApp group.

I feel a strong allegiance to my local area as a Belbroughton resident. My children attended local schools & my son works in the village. We support the parish, use the local church, feel part of the community of Belbroughton. Also support a weekly run toddler group, attend classes in the church hall, support the village shop and the local pubs- The Bell, the Holly Bush, the Talbot & the Horseshoes.

We vote at the Rec and have been with the GP at the Glebe for the last 20 years.

I strongly object to redefining boundaries and feel it will be detrimental to my rural neighbourhood.
