Comment text:

Related subject: Bell Heath, Romsley

I disagree with the proposal that Bell Heath becomes part of Woodvale.

This will destroy the uniqueness of the villages and areas across this semi rural location. I moved to this area specifically because of the small community and high regard for the address.

I also believe the proposals will impact negatively on house prices, school placements, doctors surgeries etc.

I have not been made aware of the proposals through any official channels, only through a neighbour. This is not an acceptable way to consult with residents.
