## Comment text:

**Related subject:** Belbroughton Parish

All of our daily social and social activities are centred around Belbroughton and Hagley. Also our Doctors surgery is in Belbroughton, far more convenient to us being only 2 miles down the Road. We never use any facilities in the Fairfield area, only passing through there to Bromsgrove. I am also concerned wether there are likely to be any consequences of this plan that might effect our present status of being in a green belt area. Therefore my wish is see things remain as they are.
