Comment text:

Related subject: Belbroughton

This area has been together for decades, we wish things to remain as they are. We regularly use the facilities in Belbroughton, i.e. shop, public houses, our doctors also. Local children use the local schools Belbroughton and Hagley. To require children to move to Fairfield is madness , travelling through Fairfield when it is school time is a nightmare, to add more cars here would risk endangering children and add to pollution. Why change something that has worked all this time and is still relevant. We live in Belbroughton Parish and do not wish to change.
