Related subject: Change of Belbroughton boundary

I strongly disagree with the proposed changes to the boundaries around bell heath. As a resident I am proud to be a member of the belbroughton community, utilising the community services including doctors. Schools and community groups to benefit my family, I do not see any benefit to residents in this area in respect of moving the boundary and feel that alternative reasons exist around future planning considerations for the area. I am shocked that this consultation has only recently be shared with residents and disagree that consultation has occurred effectively and in line with the timeline within the consultation.
