Related subject: Bell Heath

To the Review Officer,

I am writing to strongly object to the proposed new electoral boundaries for Worcester County Council, particularly, the change of the Bell Heath area from its current Clent Hills division to Woodvale.

Bell Heath is an integral part of the Belbroughton community which includes the only shop and post office within our area. We belong to Belbroughton Parish and our church is in Belbroughton village.

We live within walking distance of Clent Hills and access it via a wonderful network of footpaths and small lanes. These envelop our community and reflect our situation within the Clent Hills area.

Our Doctors surgery is at The Glebe, Belbroughton and we support our community by attending social events, such as the Scarecrow weekend, social eats events and fundraisers at the school.

Our children attend Belbroughton Primary school and then go to Hagley senior schools. This has been the case for years.

Moving us from Clent Hills to Woodvale would mean we would feel very segregated from Belbroughton and the community we love.

I would like my objection to be officially registered.
