**Organisation Name:** (Member of the public)

## Comment text:

**Related subject:** Strategic Planning meets Local need

There is a huge archaic void on how LA Strategic targets meets local need. MBC needs to review how it meets their targets beyond just online consultation. Local Councillors are only a small part of neighbourhood development as are Local Councils. In doing this they will tap into a wide level of need, experience and understanding which is currently ignored covering Police, Health, Environment and equally important Economy. There are a variety of ways this can be achieved.
