Related subject: Ladgate ward

I do not think that Marton Manor should be part of the Ladgate ward and should become part of the Marton ward as it used to be. The demographic differences between Easterside and Marton Manor are huge and both have extremely different needs in terms of what is needed to help each area. Returning Marton Manor to being part of the Marton ward would release the Ladgate Councillor/s to concentrate on bringing much needed help and support to the Easterside area.
