Related subject: Proposed Huddersfield Central Ward

Bryan Road is currently close to the edges of the Greenhead, Birkby and Lindley wards but is situated in the Greenhead ward. The logical ward in the future would be the Lindley ward where most people shop. There is little, if any, synergy with the rest of the proposed new Huddersfield Central ward. Looking at the proposed map, a simple tweak would achieve the result and would bring Bryan Road into the same ward as Halifax Road which is the only bus route serving the road (I note that aligning bus routes with wards is one of the considerations). Thankyou
