Comment text:

Related subject: Holme Valley area and Kirklees as a whole

Keep Holme Valley South as it is if the population numbers are similar to Holme Valley North.

I agree with Netherton moving to the Meltham ward.

Kirklees - The identity and problems of Kirklees North and Kirklees South are too dissimilar. Kirklees North should become Spen Valley. Kirklees South should become two constituencies that of urban Huddersfield to include Crosland Moor, Sheepridge, Fartown and Lindley. Then the other constituency should be Colne & Holme Valley which has small villages and much rural landscape. Netherton to become poart of Holme Valley. These two constuencies are distinct, have different problems, can apply for different grant aid and the farming community could be better served.
