**Related subject:** Lindley ward - our estate being moved to huddersfield north

Totally disagree. How is moving 1 new estate in the lindley ward to huddersfield north helping build community links. We spend all our time in the lindley area, doctors, schools, dentists, social are all there. Our interest is in what is best for lindley and not what works best for as far away as Bradley and Leeds road where we fiend no time. We want representing by a person that looks after the rest of the area we live in.
