## Comment text:

Dear Sirs,

I am writing to support your recommendations for the review of boundaries at Kirklees Council.

I feel that the proposals for North Kirklees are much better than the existing wards, as they bring communities back together which have been separated, even if the resulting boundaries are not quite as clear cut. After all, boundaries are administrative functions, whereas a community should be kept whole.

The proposals for South Kirklees are also good, although this is a more difficult job as Huddersfield is such a big town and there are many possible ways to "slice the cake". The proposals for Kirkburton and Almondbury are great improvements on the existing wards, leading to the parish council being only spread over two wards rather than three.

I would hope that the proposals progress in their current form.

Yours faithfully,

[REDACTED]

Resident of Liversedge
