I note that the number of councillors for Westgate ward has been reduced to one from 2. I haven't had time to read all the information you provide but I am concerned that the central city ward will only have 1 councillor in future. Although the area may be small it surely houses many residents and students (accommodation ever increasing) and many amenities enjoyed by other Wards and beyond. I would be interested to know the reasoning behind the change. With thanks.
