**Related subject:** Beltinge

I am not entirely clear about your maps - they're dreadful when displayed online. Pairing Belting with neighbours who share the same values and characteristics would be the most desirable outcome. We are NOT like Hillsborough and Sturry, But we are like Reculver, Bishopstone, Herne and the Eastern part of Herne Bay. Politics is shot to blazes and no one trusts councillors or politicians anymore - this would be a very good time to really listen to tax-paying residents.
