Overall, I am very happy with the second draft where Hollycarrside has been included in the ward. Unfortunately the maps are slightly out of date and new houses/roads have not been shown correctly. In the Sunderland South Area, the Southern end of Ryhope at Rotary way. The extended road is missing and there is also a whole street/ cul de sac missing from the map and would currently sit in an different ward from where it should be. Cedar way should be in Ryhope ward and the Boundary should be Rotary Way to include all the houses on Rotary rd. I have included some maps to show the area and point as to why the street should be included in Ryhope waqrd.
