Comment text:

Related subject: Your proposal to remove us from Earlsdon Ward

We identify as key retired Earlsdon ward residents and not St Michael's ward - the road is a mixture of families & retired Earlsdon residents who are very unhappy with this proposal to move us to St Michaels ward - we support & socialise in Earlsdon & work with Earlsdon counsellors to improve the area (we do not use not city center much / are not students & are nit interested in counsellors work in St Michael's ward /City. Please the on board our views and return us to Earlsdon ward where we will add value & support counsellors (or lose our valuable support)
