Comment text:

Related subject: The whole proposal

Sunderland Central CLP (Constituency Labour Party) broadly welcomes the latest draft proposals.

We specifically welcome the readmission of Marley Potts back into the Southwick Ward and the inclusion of all of M02 (Hollycarside) into the Ryhope Ward. We believe these proposals make sense and would urge the commission to keep them as proposed in your final proposals.

We are disappointed that the northern boundary of the Grangetown Ward wasn't moved north to Borough Road so that all of the neighbourhood of Hendon was included with Grangetown in our proposed Hendon and Grangetown Ward but recognise that to ensure equal distribution of electors amongst the other wards in the South of the city and West to the A19 that this was not possible and therefore are happy to accept the rationale for the proposed ward boundaries as proposed by the commission.
