Related subject: Washington

What is wrong with the points of the compass. I was district 15, now Washington East. I do not like the village names being used. I want the East Ward name back. I am not near the Riverside. If my insurance company hears of this I will have very expensive insurance. My friend that lives in Mount Pleasant has to go through a broker for her insurance, due to her proximity to the river. Will you pay my extra insurance. I bet not. Typical civil servants, you don't live here! Thank you!
