Review Officer (Sunderland)
LGBCE
PO Box 133
Blyth
NE24 9FE

Dear Sir/Madam,

I am writing to express my deep concern at our community of Herrington being split in the upcoming boundary review in favour of putting us with the Plains Farm and Barnes area.

I am NOT a resident of Plains Farm! I am NOT a resident of Barnes! I am a proud resident of the Herringtons and cannot understand why you have chosen to split up our community.

As a community East, West and New Herrington work together and have historically been one large community. This is reflected in our community being part of a single parish within the church boundaries.

Ask anyone in our local pub The Stables and they will tell you that they are proud to be part of the Herrington community. They would NEVER say that they are from Plains Farm or Barnes.

We also share a community group Friends of Herrington Village, which run regular community events which encapsulate the entire community of the Herringtons. The group is made up of residents from across the community and the community events are for all and take place across the Herringtons. I am very happy to share photos of our most recent event if needed. I am a proud member of this group and would be devastated to see our area broken up.

Why you would even dream of including Plains Farm and Barnes into our area? They are completely separate and have no link at all to us!

Please reconsider as I would feel completely unrepresented if your plans went ahead.

Regards

Herrington
