**Organisation Name:** (Member of the public)

## Comment text:

I am a resident of Tunstal currently within St Michael's Ward. I am opposed to adding this area to Silksworth Ward. There is open land between where I live and Silksworth, whereas my area is physically joined by housing to the remainder of the present St Michael's (and future Grangetown) Ward. I use shops and other services in St Michael's, but none in Silksworth which is a separate community. There are many roads linking Tunstall with other parts of St Michael's, but only two with Silksworth. It will also be far more difficult for councillors in Silksworth to be aware of the problems of a separated area they would be responsible for.
