## Comment text:

Dear Sir,

Re the councils proposal to change the boundaries, I think they are better as they are.

There are various reasons for this.

The estates border each other and are currently represented by one set of councillors.

The four estates border each other and share facilities, schools, shops, and green space where local people often pass the time of day.

There are good local road links and they are within walking and cycling distance of each other.

The four estates are bounded on four sides by the A183, A686, both east to west, the A19 North to south, and Springwell , forming a natural enclave.
