To whom it may Concern

I am writing to you for the second time in connection with the poster I received from the Liberal Democrats. re - the changes to the boundary of Fulwell and Southwick. I have lived in the same house in [redacted] since 1969 and my address has always been FULWELL. We are certainly not classed as SOUTHWICK. Even our windmill is known as FULWELL MILL. So how on earth can we live in SOUTHWICK. My family all went to Fulwell Infant and Junior Schools, my post is always been addressed as Patterdale Grove Fulwell because we are part of Fulwell and that should not be changed. The boundary needs to be Newcastle Road - on the "Grange Hesel" side. If we go on this way we'll end up with "Southwick Railway Station instead of "Seaburn". Please leave our boundary's where they are = changing them would be NONSENSICAL

from a very irate FULWELL resident.
