## Comment text:

I am writing in relation to the review of Sunderland City Council. I wish to support the proposals for the Grindon and Thorney Close Ward, which keeps a cohesive set of communities (Springwell, Thorney Close, Grindon and Hastings Hill) together in one ward. This makes sense as they share green space, shops, schools and other local amenities like community centres and church groups. However, I do not agree with the Commission's proposals to include part of Humbledon in the Grindon & Thorney Close Ward. This does not make sense as they do not share schools, shops and community groups with the Grindon or Thorney Close areas. It would be better for all of Humbledon to be included with the rest of Humbledon Hill/Plains Farm in the proposed St Chads Ward.
