## Comment text:

**Related subject:** Dane Valley Ward

It was proposed by Cheshire East and agreed by the Planning Inspector who examined the SADPD (Local Plan phase 2), that the Settlement Boundary for Holmes Chapel extends beyond the parish boundary into Brereton Parish. Many of the residents of this extended area use Holmes Chapel facilities, including schools, shops, health services, library, churches, etc. Holmes Chapel Parish council believes that the residents of this extended area would be better represented by the Ward Councillors for the Dane Valley as there is a lot of synergy with the council requirements of the residents of the parish. Using the data provided by Cheshire East on number of residents, encompassing this area into the Dane Valley Ward equalises the representation. Holmes Chapel Parish Council therefore proposes that the Dane Valley ward boundary be modified to the extent of the perimeter of the approved Holmes Chapel Settlement Boundary.
