Related subject: Wardle

I have lived in Wardle CW5 area these past 10 years and I haven't once seen a candidate or local councillor. The Wardle area is very much forgotten by the Council and/or elected ward councillors. Pavements are very dangerous to walk on and in need of immediate repair. Bus stop at Wardle Avenue (left-hand side road looking toward Nantwich) is far too close to the road and is leaning toward the canal. We are desperate for a/or speed cameras to be insitu due to constant speeding traffic, which continually ignore the 40mph speed limit. We need more appropriate and visible signage. Pavements never get swept and the road drainage gullies are blocked with grass sods growing out of them.
