Related subject: Worsbrough

Further to my previous submission as a Councillor and a life-long resident of the Worsbrough Ward, I firmly believe that the best move in boudaries for the Worsbrough Ward would be to unite Worsbrough Common with the wider Worsbrough Ward. These two areas have much more in common, whilst the Birdwell area is much more focused towards the Hoyland area, Worsbrough and Worsbrough Commob are mor focused towards the Town Centre. Given BMBC's submission and the balancing of the electorate with the inclusion of Tankersley within the Rockingham Ward. Based on conversations I have had, residents in all three areas would prefer to see Rockingham maintain its curreny boundaries and see the inclusion of Worsbrough Common in to Worsbrough. This will provide continuity for all areas in light of the Council's long term area arrangements. I would urge the Commission to progress with the Council's proposed suggestions for the Worsbrough Ward.
