Related subject: Rockingham/ Worsbrough Wards

I would strongly oppose moving my address (Worsbrough Road) from Rockingham ward to Worsbrough.
Almost all our social connections are in the Rockingham ward - chemist, shopping, post office, garage/petrol, going to the park, doctor, our children went to school at Hoyland Common.
All these links lie within Rockingham ward none whatsoever within Worsbrough.
Whilst I'm commenting personally I am confident this will be the overwhelming situation with my neighbours.

Community is built where people naturally interact- it is not built just make the numbers balance.
