Comment text:

The 'proposed' ward boundary change is completely inappropriate. It might be based on numbers but certainly not on communities. Baildon has its own identity with a generally efficient Town Council which looks after the interests of the present Baildon well. All their transport links go to Shipley or up to Guiseley. Their trains go to Shipley or Ilkley. No buses go over the moor to Eldwick (they would have difficulty on Spring Lane). All Eldwick's links are with Bingley. Our bus links us with the Aire Valley. Our shopping is done in Bingley. The 'proposals' would split the community village of Eldwick and it is a community with its Memorial Hall, its post office, and it has chemist and doctors facilities as well. Let common sense prevail.
