## Comment text:

**Related subject:** Bingley

I am writing to voice my disagreement with the proposal to split Bingley into 2 separate wards. Bingley has a strong identity as a cohesive town that has long incorporated strong ties with surrounding areas too, such as Eldwick. There are lots of community groups in Bingley that serve to strengthen this sense of identity as a unique town and area distinct from the wider BMDC and other equally unique towns within the district. As a long time Bingley resident and taxpayer, I am incredulous that I will not necessarily be able to have a say in issues within my community based on where I live in the town.
