I was very disappointed to hear that consideration is being given to Eldwick, BINGLEY being included within the Baildon Ward! This is despicable, Eldwick is one of 3 villages which have formed Bingley Town for hundreds of years! Bingley Town serves all the villages and this is where all residents shop and spend leisure time and commute to Leeds and Bradford for work. Baildon is Shipley and has always been so. Baildon and Shipley are distinctly divided by Baildon Moor and therefore cannot be seen to be linked! Bingley has suffered greatly since losing its Town Council status and would benefit greatly should Bradford Metropolitan Council be divided into Borough Councils once more.
