Dear Sir/Madam,

I am writing to protest at the proposed boundary changes to Eldwick, which would split Eldwick between Bingley and Baildon.

Eldwick is very much part of the Bingley community, and relies on public transport to and from Bingley. Baildon is 4 to 5 miles away from Eldwick and with no direct public transport.

I understand that the Boundary Commission has already listened to and supported Eldwick residents in remaining within a Bingley ward, and I hope that that position will be

maintained.

I enclose flyer.

Yours faithfully,

# LET'S KEEP ELDWICK TOGETHER

The Boundary Commission has supported submissions from residents, community groups and Bingley Town Council that Eldwick should remain whole within a Bingley Ward.

They propose two Bingley Wards, one including all of Eldwick.

HOWEVER, a new campaign has started to split Eldwick and JETTISON most of it into Baildon Ward.

If you don't act it will succeed.

**To STOP THIS turn over!**

## WE HAVE LISTENED TO YOU

"Keep Eldwick within Bingley. We are not and should not be part of Baildon. We do all our shopping in Bingley."

Eldwick is it's own village, not one to be split up between a town it is linked with and another village that is inaccessible without a car from Eldwick and with no public transport connections"

"Leave the Eldwick Community as one. We work together better – not split with a moor between us. What a ridiculous suggestion"

These are among 156 comments you have made so far on the local Facebook survey
