To whom it may concern,

I am completely against the move to change Cottingley to be part of the Shipley council. This is likely to limit the school catchment area to great local schools in the future such as Beckfoot School. Considering that Cottingley mainly consist of houses catered for families.

I do not have any confidence to the Shipley council and do not particularly like the mp representing Shipley. The Shipley is very rundown compared to Bingley , this certainly account to the efficiency and management of those in charge. As a member of the public who lives in the affected area I oppose to your proposed change and it is certainly not beneficial to the local citizens living in Cottingley.

Bingley is as much desirable area compared to Shipley when it comes to selling or buying your home, changing the boundary will have an impact of the selling price of my house and reduce the likeability of the area where my house is located. In other words the houses will not be sought after because it'll be associated to Shipley rather than the more attractive area of Bingley.

It is clear that Bingley council has more funding than Shipley and/or manage their funding more efficiently than Shipley. I do not wish the Cottingley boundary to be part of Shipley, but to have Cottingley remain with Bingley.

I'm looking forward to your reply.

Regards,
