**Related subject:** The Homesteads, Stanford-le-Hope

I am very unhappy to read that there is a proposal to re name the Homesteads Ward - Stanford-le-Hope North. The use of the term Homesteads has been in existence for well over a century and stretches back in the 1800s. And with one fell swoop we are loosing a part of our history for what seems a rather pointless excercise. Shocking behaviour from our labour council.
