Dear Sir/Madam,

As a resident of Grays Riverside, I wish to emphasise the significance of retaining the name "Grays Riverside."

The ward's proximity to the beachfront, along with the historical and cultural importance of Grays Beach, holds deep meaning for our community. The proposed name "Grays South" does not resonate with the residents or reflect the rich history associated with the seafront.

I strongly urge that the name "Grays Riverside" be preserved.

Best regards,

[REDACTED]
