**Related subject:** Wolverton

I don't understand why Bancroft park and Blueue Bridge fall under wolverton ward when Bancroft falls under another. Yes there is a park but the communities are closer together than the current set up and so I disagree with the current boundary.

I understand that most amenities are in wolverton, but that is the same for most of bradwell and surrounding areas which fall under other ward councilors. I believe the estates should be folded into a new ward or to wards with communities that are closer align.
