Related subject: Boundary changes

I would like to object strongly to the boundary change for my area ie western end of Hall Drive. A few years ago we were shoved into the Kader area. We don't live in Kader - we're Acklam. We have no connection with Kader - NOR THEY WITH US! Acklam Road is an obvious boundary between Acklam and Kader and those of us on the eastern side should be in the Acklam ward. There are others who feel the same; it's both an inconvenience and a nonsense that we were ever put in the Kader ward. One of the Facebook comments suggests that it is pointless giving your views because the council never listens and does what they want. Let's see, shall we? I hope you will listen to my complaint and put us back in Acklam which makes sense. (If you lived here - you'd feel exactly the same.)
