

North East Lincolnshire

Personal Details:

Name: Mr Malcom Morland
Email: [REDACTED]
Postcode: [REDACTED]
Organisation Name: (District or county councillor)

Comment text:

Related subject: Croft Baker

The Croft Baker Ward has several specific communities that intermingle, interact and coalesce with one another.

The people who live in the ward are very proud of the fact they have access to the area of the seafront, pier gardens and market place for socialising and nights out. In the centre of this we have a vibrant Muslim, community with a mosque and business community. The Market Place and sea front has several Turkish restaurants that add to the vibrancy of the commercial, business and familial atmosphere of the area.

People who now work and live in the area are not in favour of any Croft Baker Ward boundary changes, as it is felt it will disturb and disrupt the finally balanced interplay of the above factors. Hence the need to keep the Ward boundary intact.

The Councillors work with and across the various communities helping to bring greater connectivity and cohesion. There are some deprived areas in the Ward and there are established agencies such as Local Housing associations, voluntary groups working to bring support to families, children and the elderly etc to keep established communities together. These make people's lives better .

As elected representatives, we Labour Councillors would prefer that the boundary and amount of ward councillors remain the same.

Regards
Councillor Malcolm Morland

and with permission Councillor Marion Jervis
