Comment text:

I believe Castle Donington should come under Derbyshire and not Leicestershire.

We are on the boundary and as such fall between 2 councils.

It is very frustrating for residents of castle donington. We are isolated and no council seems to take responsibility for us, other than to take our rate money.

I would always opt to go to royal derby hospital, which we are always referred to, other than for mammograms which we now have to go to Loughborough for, goodness knows why when we are closer to Derby than Leicestershire.

I would question why we come under Leicestershirse not Derbyshire?

This is the only issue that we are interested in.

From a very frustrated rate payer.
